Dear Mr. Calvert:

The U.S. Environmental Protection Agency applauds EcoCompounds Inc. ("EcoCompounds") for your leadership in developing environmentally oriented cleaning products. EPA's Safer Choice Program seeks to promote the use of products with improved environmental and human health characteristics. The products in our partnership – All Purpose Surface, Bathroom Cleaner, Carpet & Textile, Engine Degreaser, Equipment & Tool, Industrial Floor, Rig Wash, Kitchen Degreaser Outdoor Surface, Kennel, Cage & Pen, and Well Wash – fully achieve that objective in the consumer and industrial/institutional cleaning sector.

The key purpose of the Safer Choice-EcoCompounds partnership is to recognize and encourage the environmentally preferable chemistry of these partnership products. Safer Choice is very enthusiastic about your successful formulation of these products and about our partnership. By eliminating hazardous solvents, environmentally persistent surfactants, and other harmful ingredients, you have demonstrated active environmental stewardship and dedication to continuous improvement.

Customers who use your Safer Choice products will be participants in this important national effort to protect the environment and safeguard human health. We commend EcoCompounds for your commitment to improving the environmental profile and performance of your products – and for leading change in the cleaning industry. Safer Choice looks forward to building this partnership and wishes you much success with these partnership products.

Sincerely,
